

## Now accepting referrals for new boys group

### **Cambia Hills Mental Health Residential program is expanding to serve boys ages 10-14.**

We are now accepting referrals for our new boys groups that will serve males ages 10-14.

The group will be housed in a newly renovated department that has been designed with their age in mind from the bed selection, to the paint colors, to the family dining room table to allow for family style dinners.

Treatment plans will be individualized based on each child's unique needs. The therapist, case manager, and direct care staff will work together to create a plan that will provide the youth with the help he needs in a fun, supportive, and engaging setting.

We are so excited that Ms. Amy Schumacher, MSW, LGSW, will be

working as the groups' therapist.

Amy joins us from our Cambia Hills Day Treatment program. She received her Bachelor's degree in social work from the university of Minnesota Duluth and her Master's degree in Clinical Social Work from The College of St. Scholastica.

"I am so excited to be a part of creating and innovating the new Hawk unit at The Hills!" said Schumacher. She continued to say, "I can't wait to work with a younger population of kids where I can put creative thinking skills to use in a therapeutic setting!"

## Annual Harvest Fest Celebration

Our annual harvest fest was held on Friday, September 7 and featured a menu that used foods planted, harvested, and prepared by the youth at The Hills.

"It started out (19 years ago) with just a couple of things and has progressed into a full blown festival," said The Hills Youth and Family Services Husbandry Program Manager, Anne Macaulay. "It's so great because the youth get to showcase what they have been doing in this long term project."

Did you know that we now have a Denfeld location that provides community based therapy and day treatment options for students attending Denfeld High School or Lincoln Middle School?

The day treatment program allows the student to stay at his/her home school and receive the therapy needed in a convenient location.

We are now accepting referrals for both programs.

Our unique partnership with the Center for Alcohol and Drug Treatment Center allows us to provide the needed treatment for our clients at our facility.

*"A large majority of our youth experience chemical abuse or dependency issues. The partnership we have made with the Center for Alcohol and Drug Treatment offers an opportunity to provide treatment within our facility for these issues,"* indicates Dawn Peterson, The Hills' Director of Behavioral Services.

In an effort to serve you better, we are adjusting our referral process for our day treatment and community programs.

We want to be able to provide you with a quick turnaround to ensure that your clients are able to get the help they need.

Nicole Bradford, Day Treatment Program Manager, will be overseeing the referral process for both of these programs.

Nicole's contact information is  
nbradford@TheHillsYFS.org  
or 218.623.6445.
